# LINKASE

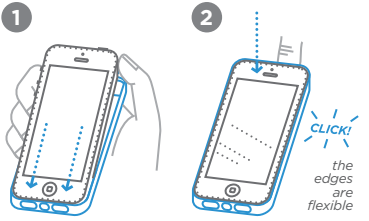
signal enhancer for the iPhone5

## USER MANUAL

Download a PDF version at:
**www.absolute.com.tw**

# ABOUT THE CASE

## HOW TO PUT IT ON:

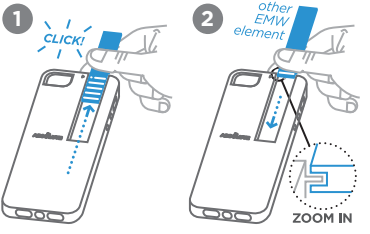


**STEP 1:** Slide the bottom of the iPhone 5 into the LINKASE first.

**STEP 2:** Push the top of the phone in until you feel a 'click'.

**TO TAKE IT OFF:** Start by pulling off one of LINKASE's top corners. You can now separate it from the phone.

## HOW TO CHANGE THE EMW ELEMENT:

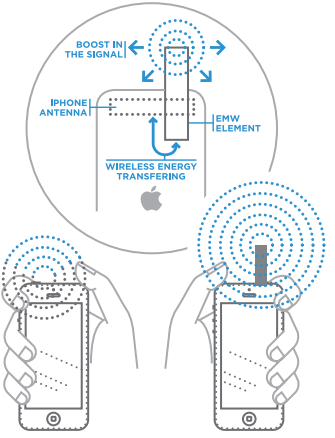


**STEP 1:** With the EMW element extended, pull it out gently until you feel a 'click'. You can then extract it.

**STEP 2:** Fit the bottom of the other EMW element in and push until you feel a 'click'. Push all the way in.

# ABOUT EMW

## HOW DOES IT WORK?



**WITHOUT EMW**

HAND BLOCKS THE SIGNAL

WIFI
